IV. NEW APPLICATIONS

1. Kingdom Hall, 190 Flanders Road, Mystic

Anthony Fararro presented the application to widen the existing 18 foot driveway to 24 feet. He noted that four congregations use the facility and the driveway is too narrow to safely accommodate 2-way traffic. The widening is proposed on the south side of the driveway, approximately 90 from the edge of the pond. The drainage patterns will remain the same. The owners had considered working on the north side of the driveway but have determined that it will interfere with an existing sidewalk and would result in an S-curve in the driveway. Mr. Fararro described the construction method and the erosion control plan. Construction will take place over one weekend. The Agency noted that the area is grassed to the tree line.

MOTION: To classify the application as minor.

Motion by Sutphen, seconded by Block, so voted unanimously

2. Receipt of New Applications - None
